

# What if the Knee Brace Came With a Guarantee?

## Zero-Risk OA Relief for your next Knee Referral

Brace selection for osteoarthritis matters as much as the diagnosis.

We match activity level, anatomy, and offloading needs to the right device — and back every fitting with a guarantee.

### ► Ask about our OA Pain Relief Guarantee

**No Risk!** If the patient does not get pain relief, we provide a **full refund** for the patient's insurance and co-pay.

#### Patient Education

Before and after fitting, with long term conservative management support.

#### Fewer Office Callbacks

We handle sizing, authorization, and patient check-ins directly.

#### Custom & Off-the-Shelf

Evidence-based devices matched to each patient's anatomy & severity.
